tion shop is equipped with the most current technology in rebar shears, table benders, and automated rebar benders. This machinery, combined with the company's experienced shop workers, makes J.S. Steel the preferred fabricator for contractors. The company serves the following markets: Commercial Construction, Heavy Concrete Construction, Retaining Structures, Parking Decks, Masonry Walls, Pre-Cast, Manufacturing, Wastewater Treatment Plants, Office Buildings, Retail and Restaurants, Hotel and Motel, Schools, and Multi-family. www.jssteelsupply.com

Truck Equipment Sales & Services (TESS) - Truck Equipment Sales & Services is the only OEM-authorized heavy truck distributor in the Bahamas, representing Mack Trucks, Inc. and International Truck and Engine Corp. TESS also represents Doosan Infracore and Case Construction equipment, Wirtgen America

(Hamm and Vogele), Allison transmissions, Cummins diesel engines, and McNeilus refuse and mixer bodies. The company's trained technicians service all of the equipment it sells, while maintaining an extensive parts inventory to support those products. Its customers include major contractors, government agencies, wholesalers, warehouse operators, and marine services. - www.tessbahamas.com
